A Panel Discussion of Plant Palettes

Date: March 8, 2011

Time: 10 - Noon, Meet and Greet begins at 9:30, LDA Board Meeting follows the Program

Location: Chicago Botanic Garden / Linnaeus Room

This meeting will feature a panel of four LDA members sharing their go-to plants for different conditions.

- **Pam Duthie:** Plants for heavy clay and disturbed soils (northwest and western suburbs)
- **Dierdre Toner:** Plants for sandy loam (north shore suburbs)
- **Brian Shea:** Plants for city shade
- **Kim Kozimor:** Plants for contained spaces (roof decks, patios, etc)

After the presentation there will be time for discussion.

Everyone attending is invited to bring 25 copies of a list of your 10 most reliable plants, and the conditions in which you use them. There will be time to exchange lists so everyone goes home with new ideas.

Please **RSVP** to David Migdal at djmgdal@gardenconsultants.com
