

LANDSCAPE DESIGN ASSOCIATION

Update for the Youth Build Lake County "GREEN HOME", North Chicago

Dear LDA Members,

Thank you - thank you to all that have stepped forward to donate your time...so - so generous of you.

STILL NEED HELPERS: WED: APRIL 20 THUR: APRIL 21 OR SAT: APRIL 23

A FEW HOURS OF YOUR TIME! GREAT CAUSE AND TEACHING OPPORTUNITY!

A small lot, hoping to have FRONT YARD completed for April 25 and for new family lucky enough to own this "Green Home".

- The Landscape Design/plant material needed for this project
- The invitation for the kick off event April 25th w/ PHOTOS of home site.

Landscape Design Association will be receiving recognition for their contributions to this project.

- Press will be covering this project.
- This is also a business to business opportunity.

We have received a generous donation from Lisa Fiore of Charles J. Fiore Nursery.

They will be supplying 1 Elm tree in front, 1 Judd Viburnum, 5 Blue Muffin Viburnum and 3 Blackhaw Viburnum. If you are inclined or know of other nurseries that would be interested in donating some of the additional items needed for the front yard we would be most appreciative. The Sumac, Diervilla and Aronia plus an assortment of perennials for the front would be great.

Some of the other businesses involved:

- Jon Hirsch from Krugel Cobbles is donating the permeable paving installation and grading of site.
- Aspen Valley Landscape supply is donating the hardscape materials.
- The Mulch Center is donating the recycled mulching materials....so awesome!

The address of the home: 2108 Wallace Avenue.

North Chicago Illinois. 60064

We still need plenty of helpers for any amount of time you may have Wednesday April 20, Thursday April 21 or Saturday from about 9 - 12:30. We are unable to work on Friday due to Good Friday Services.

This is a great opportunity to share your skills and enthusiasm with some young people. We have plenty of helpers to do the digging, hauling and carrying. There will be refreshments for all, as well.

Please let me know if you can make it and if you would like to bring some plant material with you. I will be calling to contact all of you that offered and secure times, materials and dates....

Anne Flannery

President, Landscape Design Association
